FRANCIS CARVER.

[To accompany Bill H. R. No. 524.]

APRIL 17, 1858.

Mr. ANDERSON, from the Committee on Invalid Pensions, made the following

REPORT.

The Committee on Invalid Pensions, to whom were referred the memorial and papers of Francis Carver, report :

That it appears, from papers submitted, that said Francis Carver has been, for a period of seventeen years, a soldier in the army of the United States, having served through the war with Mexico. After that war he was ordered to the frontiers of Texas, where for eight or nine months he was in active service, exposed to the damps and cold of winter, without tent or covering. During that service he contracted the disease with which he now suffers.

The discharge of the petitioner is filed with his papers. Said discharge is signed by C. A. May, brevet colonel, and states that Francis Carver is discharged for ordinary disability.

The certificate of J. A. Thompson, acting surgeon of the military asylum at Harrodsburg, Kentucky, states that the petitioner is laboring under a disease called *St. Vitus' dance*; that he is wholly disabled, &c. In view of these facts your committee think this a case of merit, and report a bill for his relief.
